Eligibility

Am I eligible for benefits?

To be eligible for coverage you must be:

- Enrolled as a full-time student at Holland College;
- Under the age of 65; and,
- Covered under a Provincial Health Care Plan or equivalent.

Full-time students are automatically enrolled in the SAHC Health and Dental Benefit Plan when they register for classes. The health and dental fee is automatically applied to your Student fees Account. If you have fulfilled the requirements for eligibility, you will have a 12 month term of coverage commencing on the first day of the month your course begins.

Did you know?

The benefit maximums listed in this booklet apply to each dependant individually, unless otherwise noted.

Are my spouse and/or dependant children eligible for benefits?

Yes, your spouse and dependant children can be covered for benefits. In order to be eligible, your dependants must be covered under a provincial health care plan, under age 65, and you must pay the applicable fee before the deadline. Your spouse and dependant children become eligible when you become eligible.

Spouse

A person to whom you are legally married or whom you cohabitate with on a permanent and ongoing basis for at least one continuous year, is publicly recognized as your spouse, and is under the age of 65.

Dependant Children

Children either natural, legally adopted, stepchildren or other children that live with you on a full-time basis, who are under the age of 21 and depend on you for support while living in a parent-child relationship.

Unmarried dependant children who have been identified as disabled and are over the age of 21, or; children under the age of 25 who are in full-time attendance at an accredited educational institution, are eligible for coverage, with the submission of documentation yearly.

How do I add my spouse and dependant children to the plan?

Please note that this process has changed.

If you choose to add your eligible spouse and/or dependant children to the SAHC Plan, you must email **sahc@hollandcollege.com** to request the required form.

The form must be completed, submitted to the Health Plan Administrator, and the applicable fee must be paid by the deadline assigned by the student association.

When does coverage terminate?

Coverage for you and your dependants will terminate 12 months after your start date, unless:

- You cease to be an eligible student;
- You attain the age of 65;
- Premium payments by Holland College cease; or,
- Your plan is discontinued.

Coverage for your dependants will terminate on the date your dependants no longer meet the definition of an eligible dependant.

Can I opt out of the Extended Health and/or Dental Plan?

In order to opt out of this plan, you must be enrolled in another extended health and/or dental plan.

If you choose to exclude yourself from the plan, you must complete the required form, online at **studentbenefits.ca**, before the deadline set out by the Health Plan Administrator.

Once your opt out request has been approved, it will remain in force for the entire student year, unless your alternate extended health and/or dental plan terminates. You have 30 days from the loss of coverage to notify The PBAS Group, in order to be covered under this plan for the remainder of the student year. You must provide a copy of your notice of termination and pay the applicable fees.

Is there a reason why I should keep the SAHC Plan if I am covered elsewhere?

The SAHC Plan has been designed by students to specifically prioritize student needs. Remaining in both this plan and another plan may enable you to maximize your total coverage by coordinating the benefits of the two plans.

Students who have more than one group benefit plan can coordinate their benefits under each plan to increase coverage up to 100% of the total eligible expense. The payments from each plan are adjusted to limit the reimbursement to the total expense paid.

When will I receive my refund if I choose to opt out of the SAHC Plan?

If you are already covered under an extended health and dental plan, and you choose to opt out of the SAHC plan(s), you will see the charge removed or refund applied to your Student Account.

Description of Health Care Benefits

This section of the booklet contains information pertaining to the health portion of your benefit plan. This coverage information can also be found online, at studentbenefits.ca or at your Plan Member portal sahc.drawbridge.ca. Your benefits, as described below, come into effect after any Provincial Health Care annual maximums have been exhausted. Unused benefits from a specified time frame cannot be rolled over to a future period.

Covered charges are reasonable and customary expenses needed for medical care, services or supplies, and received while the person is eligible, for either an illness or injury that is non-occupational or related to pregnancy. No amount will be payable for taxes and/or shipping and handling fees for any covered service/product(s).

Accidental Dental – 100%, up to \$1,000 per injury

Charges for dental services by a licensed dentist for the repair of sound natural teeth (healthy, non-diseased and not heavily restored) are covered when required for a non-occupational accidental injury, external to the mouth, which occurs while the person is covered. No amount will be payable for injury caused by an object placed in or on the mouth, self-inflicted injury, or damage to existing dentures, crowns, or bridgework. Work performed outside of Canada may be considered, after submitted to any Medical or Travel insurances of which you are eligible.

Benefits shall be paid in accordance with the Prince Edward Island Dental Fee Guide for General Practitioners, in effect at the time of treatment. Treatment must commence within 90 days following the date of the accident, and the care or services must be completed within one year from such date. No amount shall be payable for charges incurred after the termination date, or after the person's coverage terminates.

When submitting a claim for accidental dental, you are required to submit a letter detailing when and how the accident happened. The attending dentist must confirm that the treatment is the result of an accident.

It is recommended that the dentist submit a predetermination outlining the course of treatment and the resulting cost. Eligible Accidental dental claims must first be submitted to the Health Care Plan. Once this benefit is exhausted, remaining expenses can then be considered under the Dental Care Plan.

Can I submit a claim online?

Online claim submission is an easy and practical way to submit your health or dental claims online. Once you have registered on the website, you will be able to submit your claims online. Simply complete the required fields in the claim form, use your smart phone to upload pictures of your receipts, or attached scanned copies of your receipts.

The online claim submission system will help ensure that we have all the information required for processing your claim. The system will let you know if you are required to submit a referral, and will allow you to coordinate your benefits with another plan.

When submitting claims online, you are required to retain your original receipt(s) for 12 months, as The PBAS Group may request them at any time.

How do I register for direct deposit?

When you register as a member on **sahc.drawbridge.ca**, you must add your direct deposit information in your profile. Your direct deposit payments will normally begin with your next submitted claim.

To make the direct deposit registration process simple, have a blank cheque or direct deposit form from your bank on hand when you register. These documents include all the information required to set up direct deposit. Your payments can be deposited into a chequing or savings account. If you have another kind of account, please call your financial institution to find out what accounts you can use for direct deposit.

You can change your direct deposit information at any time by visiting **sahc.drawbridge.ca** and updating the information in your profile.

Before the payment has been deposited into your account, you will receive an Explanation of Benefits (EOB) by email. With normal bank clearing procedures, your payment should be deposited within two or three business days.

Can I view my claims and payments on the website?

Claim history is available on the website, and updated daily, so that you will always have the most current information regarding your submitted claims.

You have the option to print the Explanation of Benefits (EOB) for any claim that has been processed. The EOB outlines claim information, and payments made by your plan. Having this information easily accessible will make it easier for you to submit the information to any alternative insurance you may have, or provide you the information you may require for income tax purposes.

How do I know when my benefit maximums have been reached?

You can view your benefit balances on **sahc.drawbridge.ca**. Once you have registered, you will have access to view the remaining balance of most benefits. This option is particularly helpful when you have repeat treatments for a specific benefit type.

Submitting a Claim

How long do I have to submit a claim?

Claims must be submitted within **six months** of the date of service. If the plan terminates, claims must be submitted within three months from the termination date of the plan. Legal action to recover benefits must begin within two years of the date of service.

Can claims be paid directly to my provider?

In the event that your provider does not submit claims electronically, your plan allows you to assign your benefit to your provider. When the provider is manually submitting a claim on your behalf, a Health claim must include an Assignment of Benefits form, (found on studentbenefits.ca or in your Plan Member portal sahc.drawbridge.ca), an invoice, and a doctor's referral (if required). A dental claim requires a standard dental claim form, issued by your dental office, of which both parties have signed.

You must view and sign the claim to ensure accuracy before the claim is submitted. When you assign your benefits to a provider, the explanation of benefits is mailed to the provider only, however, your copy can be obtained online in your Claim History.

You are responsible to ensure that you are eligible for coverage on the date of your treatment. No amount will be paid if your coverage is not in effect at the time of treatment.

Remember that all benefits have limits, and not all providers will accept direct billing. You should ask your provider if they will direct bill before starting treatment.

What if I have more than one plan?

In the case of a claim for you, the student, this plan is the first payer and the dependant coverage available through your other plan is the second payer. In the case of your spouse's claim, this plan is the second payer if they have their own plan.

For dependant children, claims are submitted first to the benefit plan for the parent whose birthday (month and day) occurs earlier in the calendar year, regardless of age.

Following the reimbursement from the first payer, copies of the receipts and the explanation of benefits can then be submitted to the secondary plan so that the balance can be considered for payment.

How do I submit a claim?

While the online claim submission has proven to be the most efficient way to submit claims for reimbursement, you can also submit your claims by mail, email, or fax, for review. Remember to complete each section of the claim form in full.

- For health claims, send us a completed claim form, available online at studentbenefits.ca, along with your receipts and any required referrals.
- For dental claims, a Standard Dental Claim Form can be obtained from your dental office.

All benefits are paid on a reimbursement basis. Send a scanned copy, or the original signed copy, to:
