

Saitsa Student FAQ

2026/2027

What is the cost and duration of the benefit plan?

The cost of the Plan for the 2026/2027 school year is **\$208.00** for the Health Plan, and **\$194.00** for the Dental Plan. The plan will be assessed to student accounts twice per year. This means students will be charged \$104.00 for the Health Plan for two semesters and \$97.00 for the Dental Plan for two semesters. The Health and Dental Plan commences on the first day of the month your school year begins. The length of the Health and Dental Plan is based on the students program length, can be up to 12 months.

How do I know if I am included on the Health and Dental Plan?

SAIT students can check their student account statement for the health and dental fees to let them know if they'll be receiving coverage. The Saitsa Health and Dental fees are not included in your tuition costs. They will appear as separate fees. The health and dental fees will appear on your statement as "Student Health Plan Fee" or "Student Dental Plan Fee".

Please ensure you are checking the correct semester for the fees.

How do I submit a claim?

To save you from having to pay for your services out of pocket, ask your health or dental care provider if they will direct bill to The Campus Trust on your behalf. Your Benefit cards are available on saitsa.drawbridge.ca. Claims must be received within six months from the date of the expense.

Pharmacy Claims: Simply present your Pharmacy card to your pharmacist when filling a prescription. The pharmacist will submit your claim electronically and you will only be responsible for the co-pay of the cost of the prescription.

Health Claims: If your health provider submits claims directly to The Campus Trust, simply present them with your Benefit card, in order to access the electronic pay-direct system. Your claim is processed immediately without the need for you to submit a claim form. Your practitioner will advise you of any amount owing. If the health provider is not set up to submit your claim directly, you must pay up-front and then submit the claim for reimbursement. Claims can be submitted in the Plan Member Portal, saitsa.drawbridge.ca. Please note: Doctor referrals are required for some expenses, and must be submitted with your claim. Please see your booklet for complete details.

Dental Claims: Simply present your Dental card to your dental office. The dental office will submit your claim electronically and you will only be responsible for any amount that is not covered by the Plan. If the dental office is not able to submit your claim electronically, your dental office can either submit your claim manually on your behalf, or alternatively, you may be required to pay for the treatment up-front and submit the claim to Student Benefits for reimbursement. Ask your dental office for a completed Standard Dental Claim Form. Simply sign the claim form and submit the claim in the Plan Member Portal, saitsa.drawbridge.ca, or via email or mail.

Your plan has a **Preferred Provider program!** Preferred providers offer discounts or complimentary services, and will always direct bill your plan on your behalf. Visit the Provider Search page on saitsa.drawbridge.ca to see information for providers participating in the Preferred Provider program for your plan.
